

## **Best in the Business:** **Value with The Luxury Travel Agency**

Here at The Luxury Travel Agency, we pride ourselves on providing you with the very best travel experiences, including the lowest accommodation rates around. We sometimes hear from people who tell us that they've found lower rates on travel sites such as booking.com. But are they really cheaper than ours? Let's take a look.

Let's use the Beverly Wilshire, a Four Seasons hotel in Beverly Hills, as an example. Say you want to spend a weekend at this magnificent hotel in July, in one of their standard Signature Rooms. If you booked with us, we would quote you a figure that looks something like this:

Estimated Total\*

USD

2,184.66

This price is all-inclusive—all taxes and additional costs have been added to the total. There are no hidden fees or charges to worry about—what you see is what you get. We think being honest is the best way to do business. What about other travel sites? Turn to the next page to see...

If you go to booking.com and search for the same reservation, you'll get this quote:

**Price** **US\$1,890**  
(for 2 guests and 2 nights)

Looks like a great deal! Maybe they're cheaper after all. But what's that underneath...

**Price** **US\$1,890**  
(for 2 guests and 2 nights)

Tax (14.17%) not included  
City tax (1.41%) not included

Like many popular travel sites, booking.com often displays the price of your booking **before taxes**. If we do the math and add in these taxes, what does the room come to? The answer:

**USD \$2,184. Same as ours.**

So what's the difference? With The Luxury Travel Agency, the low rates are just the start. You're also eligible for a huge number of extra amenities and benefits, such as **room upgrades, free breakfasts, spa credits, and extra nights free of charge**.

What's more, you have the knowledge and service of a team of dedicated Travel Advisors at your fingertips, ready to do everything they can to make your trip a memorable one.
